Helping Africa's brightest minds go from idea to MVP to market

The goal of the African Impact Challenge is to build the Africa we want to see, by investing in our continent's aspiring entrepreneurs-to-be. We're enabling them to build market-creating innovations, which tackle their country's biggest challenges with technology

Inspired by The Prosperity Paradox, it will be run in different African countries every year. Our target is to successfully kick-start innovations aligned with our selection criteria across the continent. We are doing this by providing the capital, resources and guidance necessary to begin from scratch; with the help of our partners and the African Impact True Blue \$100,000 fund.

WHAT CAN YOU EXPECT

Capacity Building Incubation

\$10,000 Pre-seed

Mentorship

Market Penetration

ELIGIBILITY

- Young Africans who live in the country of the given year's challenge.
- A desire to pursue impact-focused entrepreneurship as a means of livelihood.
- A desire to solve critical problems with technology.
- Full time availability of your team from June 2021.
